

The University of Western Ontario
MATH 4152 / 9052 – Algebraic Topology – Winter 2020
Revised Outline

Website: References and announcements will be posted on the OWL website of the course.

Replacements for Lectures:

- Individual reading of specific sections.
- Notes posted on OWL.
- One-to-one meetings using ZOOM.
- Possible collective ZOOM meetings if needed.

New evaluation of Student Performance:

- Homeworks: $2 \times 15\% = 30\%$
- Written report on individual topic: 30%
- Online Oral Presentation: 10%
- Take Home Final: 30%

Previous evaluation of Student Performance:

- Homeworks: $6 \times 5\% = 30\%$
- Presentation and written report: $10\% + 15\% = 25\%$
- Final examination: 45%

Notes:

- Each student will give a presentation on a topic related to the course and will have to submit a written version. A list of possible topics will be posted on OWL. Presentations will be scheduled after the reading week.
- The final examination will be 3 hours and will be cumulative. It will be scheduled during the exam weeks in April.
- All examinations will be closed book. No notes, no calculators, nor any other electronic devices will be permitted.
