Course Syllabus

Description

Review of limits and derivatives of exponential, logarithmic and rational functions. Trigonometric functions and their inverses. The derivatives of the trig functions and their inverses. L'Hospital's rules. The definite integral. Fundamental theorem of Calculus. Simple substitution. Applications including areas of regions and volumes of solids of revolution.

Expectations

- Students are expected to have read the appropriate sections of Chapters 1-6 and to have completed practice problems assigned by their instructor. Additional reading and practice problems may be assigned.
- Students should note that success in university-level mathematics courses often requires self-directed exploration of topics. Successful students often do more than simply repeat the solutions to assigned problems over and over again and nod along with their instructor in lecture.
- Students are expected to use help resources available to them (especially Help Centre) when problems arise. It is often better to tackle difficult material when problems with understanding occur. Putting off questions until exam time is an ill-advised study strategy. Students that work at a consistent pace throughout the term and make a consistent effort to understand material tend to achieve better results.

Evaluation

Your final grade will be calculated as follows:

Midterm Exam	35 %
Final Exam	50 %
Quizzes	15 %

Midterm Exam

At the mid term you will write a two-hour exam-style test. This Midterm Exam will take place on **FRIDAY OCT 26, 2018 from 7- 9 pm**. The location will vary depending on your section and surname. Specific details on the tests will be provided by your instructor closer to the exam date. The exam will be closed book, no notes, no calculators or any other electronic devices will be permitted.

Provided you have followed the procedures outlined below (see addenda), and provided you have secured the approval of your dean, you can write a make-up test. Final exam marks may replace midterm marks for those with legitimate reasons for missing make-ups.

Final Examination

The Final Examination will be three hours and will be cumulative. The exam will be closed book, no notes, no calculators or any other electronic devices will be permitted. The Final Examination will be held during the Final Examination period and will be scheduled by the university. Students seeking a make-up exam for any reason must secure approval from the appropriate dean (see addenda).

Quizzes/Assignments

Quizzes/Assignments are section-specific and results will be adjusted to ensure fairness among sections. Your instructor will provide you with details relevant to your section.

ACCOMMODATION AND ACCESSIBILITY:

If you are unable to meet a course requirement due to illness or other serious circumstances, you must provide valid medical or supporting documentation to the Academic Counselling Office of your home faculty as soon as possible and contact your instructor immediately. If you are a Science student, the Academic Counselling Office of the Faculty of Science is located in WSC 140, and can be contacted at scibmsac@uwo.ca

Academic consideration forms for the Faculty of Science are available at http://www.uwo.ca/sci/undergraduate/academic_counselling/forms.html

For further information, please consult the university's medical illness policy at http://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_medical.pdf.

Approval of accommodation for any course component worth 10% or more can *only* be made by the

Accommodation for work worth less than 10% is at the discretion of your section instructor (the decision on granting accommodation can be made by the instructor or the student may be referred by the instructor to the student's home faculty Dean's Office/Academic Counselling unit).

It is the student's responsibility to make alternative arrangements with his or her instructor once the accommodation has been approved and the instructor has been informed.

If you miss the Final Exam, please contact your faculty's Academic Counselling Office as soon as you are able to do so. They will assess your eligibility to write the Special Exam (the name given by the university to a makeup Final Exam).

You may also be eligible to write the Special Exam if you are in a "Multiple Exam Situation" (see http://www.registrar.uwo.ca/examinations/exam_schedule.html).
